WAG + BONE

We're dog lovers, fur real. So we've decided it's time to share the No.4 love with our four-legged friends.

Call us barking mad, but we've created a menu that hounds of all sizes will want to devour. We're talking treats and all sorts of mouth-watering meaty snacks made in accordance with No.4's famed um, dogma – that's fresh food, served with (puppy) love.

All washed down by a bowl of our finest H₂O, of course.

Most importantly, our new doggy menu means you won't have to leave your fur-pal at home. And with Fido well fed from the finest our kitchen has to offer, you'll be able to enjoy your meal without your canine pal giving you the guilty-eye.

Put simply, it's pawsome.
